OBJECTIVE

As a recent graduate of the Information Technology program and having completed courses in various areas such as programming, database management, and web development, I am eager to secure a challenging and dynamic position in the field of Information Technology. My technical and analytical skills, along with my academic knowledge, will contribute to the growth of the organization while enhancing my own skills and knowledge.

SKILLS

- HTML, CSS, JS, JQUERY
- NODE JS
- MYSQL, POSTGREE SQL
- VUE JS, REACT JS

- PHP LARAVEL, CI
- MCCALL TESTING

EDUCATION

- **Associate Degree in Information Technology** | Institut Digital Ekonomi LPKIA | Sep 2019 - Sep 2023 | GPA 3.66/4.00
  Participating in webinars to develop a growth mindset, enhance soft skills in leadership and communication, and develop a mindset that is relevant in today's job market. In addition, developing hard skills in programming, especially in HTML, CSS, JS, PHP, BOOSTRAP, NODE JS, and LARAVEL, and mastering data structures for creating APIs. Quick to understand complex business processes, motivated to continue learning, and able to adapt quickly to new environments.

CAREER SUMMARY

Sep 2022 - Mar 2023   **PT. HalalPedia Indonesia, Bandung (BACK-END DEVELOPMENT)**

- Designed and developed back-end systems for the e-commerce platform using PHP and MySQL
- Developed APIs for communication between the front-end and back-end systems
- Worked closely with the front-end development team to ensure proper integration of back-end systems
- Implemented security measures to ensure the safety of user data
- Conducted testing and debugging of the back-end systems to ensure proper functionality
- Assisted in the deployment and maintenance of the e-commerce platform
